#### \*Notes

Candidates who have achieved a Pass within the previous five years in the NEBOSH National General Certificate, Unit NGC1 of the NEBOSH National General Certificate or the Certificate in Fire Safety and Risk Management, an examination pass in Unit A of the National Diploma, Diploma Part 1 or Part 2, can use these to count towards part of the qualification and will not need to complete Unit NGC1.

National General Certificate and Fire Certificate candidates who rely partly on previous results are allowed to carry forward previous marks. However, candidates who rely partly on previous results from the Diploma qualifications are credited with a Pass only in Unit NGC1 for the purpose of calculating the overall qualification grade.

If you have achieved a Pass in any of the above units ( $\geq 45\%$  for examinations and  $\geq 60\%$  for the practical), your unit certificate will be sent shortly, on which your name will appear as above (see overleaf).

If you have achieved a Pass in all three units, then congratulations on your success and your qualification parchment will follow in due course, on which your name will appear as above (see overleaf).

You may, however, opt to re-sit a successful unit for the purpose of improving your overall qualification grade (see overleaf).
